Setup a Distribution Channel that Produces Consistent Results

Impact Movies offer an easy way to help others help you. If you have experience with partners then you know that finding ones that produce results are hit and miss. It's not a matter of apathy. It's a matter of time and resources. It costs time and money to train and promote new services. Consequently, affiliates are reluctant to take on new products. And even if they do, they are not going to understand your products or make your arguments as well as you. If a customer happens to ask about a need that your company solves, you cross your fingers and hope that your partner mentions your solutions.

Video 1 → Recruit & Educate Channel Partners

This message is designed to recruit partners by explaining all the benefits of selling your solutions.

Video 2 → Give to them to Use to Sell

Make a customized Distributor Version for your partners use to help sell their customers.

Make it Easy for them to Sell

Instead of having to train all of your dealer's salespeople, merely show them the different ways that your videos can be used.

1. Making sales may be as easy as sending a nicely written email to your affiliates' contacts featuring your Impact Movie.
2. Clients reported they negotiated better terms with partners since they were offered an easier way to sell more of their services.

Sources of Potential Distributors and Affiliates

Most likely, potential sales agents will be one of the following:

1. Companies that sell different products but have the same mkt.
2. Companies that sell products of your competitors.
3. Other sources of resellers:
 - Directories & publications
 - Industry and trade websites
 - Live (and virtual) tradeshows, conferences, other events.

Recruit Better Distributors

Impact Movies can be a powerful tool to connect and educate potential partners.

- Convince companies (see above list) to become strategic partners.
- Recruit successful dealers and sales agents away from your competitors.

Better Support = Better Results

Your partners will be more successful when you provide them with better support.

- Impact Movie Sales Videos that have custom messages for Partners' contacts.
- Sales Portals that have up-to-date support materials, training programs, etc.

Multi-Sales Tool Development Benefits in Time and Cost

In today's competitive business climate, it's getting harder to get ahead. You need to make every dollar count - and minute too. You need to get the most from your investments. At AngelVision, our goal is to maximize the sales ROI for our Customers. These companies are some of the fastest-growing in the world and include Microsoft, HP, Xerox, Epson, BP, US Bank, SAP, USDA and American Airlines. We do this by increasing sales, decreasing costs, reducing risks and saving you time. In the end you get better results and at a low price. Taking care of our Customers for less cost... reaching more people with a better message. That's what we do. Here are some of the ways our Clients are increasing sales while reducing their overall marketing costs.

Experience that Minimizes Risks and Costs

Don't wing it. We have years of experience helping our Customers achieve their goals.

- We know the tips and tricks, ins and outs.
- We will help eliminate the risks and pitfalls that can sabotage your results.

Anyone can make a sales video. We make Results.

We've made nearly 5000 sales videos. One thing we've learned is that their success is not a guarantee. Our goal isn't to make videos. It is to deliver tools that work for you. We do this with:

- tools that work and
- a superior sales process.

Benefits of Developing Multiple Sales Tools at One Time

Increase Sales

It starts with having a "Sales Strategist" who works with you to see the big picture, such as:

- Integrating all your sales tools so they can benefit and support each other.
- Delivering our tools in different formats so that they can be used (1) many ways, (2) throughout the different stages in your sales process and (3) by others in your company.

Lower Production Costs

There is a great cost savings when you produce a few sales tools at one time. We will spend less time and effort for:

- Strategy, orientation and planning
- Branding, positioning and messaging
- Creating designs, repairing graphics, and so on.

Time Savings for You

You'll save considerable time compared to creating these tools separately. It takes time to execute a successful advertising and sales campaign. And with each additional service, the savings are even greater. You'll spend less time:

- Explaining your company and product details
- Describing your challenges and sales process
- Locating and sending files, specs, photos, graphics
- Reviewing messaging, copywriting, designs, etc.

Benefits of Having an Integrated Sales Process

Efficient Sales Process

Together, we'll build a sales process around your specific needs.

- Don't spend valuable time and money where it's not needed. Instead, strengthen the areas of your sales process that are weak.
- Then use your time more effectively by using the right sales tool at the right time.

Superior Messaging

We'll develop messaging that speaks to your Customers' pain crafted from our proven story-telling model.

- Messaging that is targeted to your different market segments and different Customer needs.
- Messaging that helps you educate and connect with your audience.

Focus on Results

You'll work with a team that understands the purpose of each tool and how it fits into your specific process. Our goal is to produce results by focusing on:

- Leading your Customers to the next stage in your process.
- Special offers, incentives and deadlines to target specific segments.
- Reaching markets that you were unable to reach before.

Timelines and Deliverables

Producing an Impact Movie requires many steps: each having to be completed on time. The most likely factors that delay a project are: last minute changes to the script, late-addition new features, significant redesigns and slow feedback from our Client.

Script Revisions after Final Recording

We can make any changes to your movie during production. However, once the final audio has been professionally recorded and processed, we reserve the right to charge an additional \$85 per sentence for changes.

Deposit and Payments

We require one half of the cost at the beginning of the project and the other half at the beginning of the 2nd month. The deposit is due prior to the initial interview. If this will be a problem, then please let us know. By signing below, the Client agrees to these terms and conditions.

Landing Pages Details & Order Form

A Landing Page can be thought of as a one-page mini website. Its purpose is to capture leads from sales campaigns. These campaigns direct customers to a specific webpage to get information. They include activities like emails, SEO, pay-per-click and direct mail. A good Landing Page will motivate your guests to take the next step in your sales process. You can do this by offering something of value like free trials, webinars, case studies or whitepapers. By creating custom Landing Pages, you'll convert more of your Landing Page visitors into qualified leads.

Maximize the ROI of All Sales Activities

In this economy, you need to make every dollar count. Every person who visits your Landing Page and doesn't act, is a wasted opportunity. What's more, you should use every chance to connect with your audience.

- Showcase important information like technical data, articles and Customer case studies.
- Promote upcoming events, webinars and tradeshow.
- Announce recent offers and incentives.

Maximize your Conversion Rates

The bottom-line in determining the success of a Landing Page is the conversion rate. Even the smallest change in conversation rates can make a big difference in your success. That's why it's important that your Landing Pages are as good as they can be.

- We present a compelling offer that speaks to the needs of your Customers and build excitement about it.
- Your videos can play automatically inside your Landing Pages, like Impact Movies & Customer Success Stories.

Designs and Text that Connect with Customers

Our experienced team will create an overall design that contains headlines that are eye-catching.

- Our writers will compose text that gets people to take action. We make sure your Next Step is not too pushy, but is strong enough to achieve the desired results.
- Designs that position you as a leader in your industry.
- Reach the decision makers and other contacts inside your prospect organizations.

Superior (Customer Centric) Messaging

The optimal Landing Page involves a combination of tasks. It includes a useful offer, a persuasive next step and messaging that is "Customer-centric." Here are some examples of Company-centric versus Customer-centric questions:

Company-centric

- "What is being offered?"
- "What are the benefits?"
- "What is the urgency?"

Customer-centric

- "What's in it for me?"
- "Why can't I live w/out this?"
- "Why do I need this now?"

Pricing - Base Package & Options

The cost for a base AngelVision Landing Page is \$1000. It includes all the services listed above with the following exceptions. These services must be quoted separately. Contact your Sales Strategist for details and availability.

- System Integration - Send your captured leads directly to your sales database or CRM system and integrate your Landing Pages directly into your sales process.
- Online Surveys - Add surveys and questionnaires to gather data and encourage visitor engagement.
- Online Chat - Add online chat directly into your Landing Pages to better connect with your visitors.
- Analytics - Add analytics to better measure the success of your Landing Pages with programs such as: Google Analytics and KISSmetrics Analytics.
- A/B Testing - We experiment with alternate designs and messages to increase your conversion rates.
- Variations - Create variations of your Landing Pages or add new ones for additional sales campaigns.
